BYO FOOD

Pre-cooked /Prepared Foods Only

External on-board chefs or catering companies are considered on application only

Only pre-prepared or pre-cooked foods are permitted on board for BYO catering. Foods that require to be kept warm in the oven are permitted and will then be placed on a platter for service. A range of substantial platters or grazing boards are permitted for BYO catering provided they meet our liquor licence conditions of providing 350 grams per person. If the amount of food brought on board on the day doesn't meet with these requirements, the Cruise Director will inform the organiser and they will be required to order pizzas delivered to the boat.

Please note: We do not permit use of our BBQ by guests. We offer a range of BBQ Menus cooked by our staff which they are welcome to choose from if they would like a BBQ option.

BYO BEVERAGES

***Individual drinks not permitted**

Due to the facilities, layout and service on board Karisma, BYO beverages are always preferred to be delivered to the boat 1 hour prior to the cruise to allow time for them to be set up prior to the entire party boarding.

For groups of 30+ guests, you are not permitted to bring your drinks on at your boarding location. You must utilise the pre-access time and location to drop these off to be set up at the bar prior.

For groups of less than 30 that would prefer to bring drinks on at the boarding wharf rather than pre-access, you will need to allow our bar staff 15 minutes to set up the bar before service starts.

General

We kindly remind you of your crucial responsibility to prioritise both the safety of your equipment and the well-being of the patrons near your setup. One key aspect to emphasise is cable management. Please ensure that all cables are securely taped down or otherwise managed to prevent tripping hazards. Also note that speaker stands are not permitted on the vessel.

We highly value the aesthetic and maintenance standards of our vessels. We request all suppliers and staff to exercise heightened caution to prevent any damage to the vessel, particularly when carrying equipment.

Karisma assumes no responsibility for any damages inflicted upon your equipment or injuries sustained by patrons as a result of your equipment. We require all entertainers operating on our vessels to possess their own public liability insurance.

If after reading this document, you have any questions or need further assistance regarding the setup, please do not hesitate to contact us.

We greatly appreciate your cooperation in this regard as we collectively strive to provide an unforgettable, fun, and secure experience for all.

Equipment

There is no Audio system available on the vessel available for use by Entertainers. All Entertainers are required to bring and utilise their own audio equipment including speakers, disco lighting, and microphones.

There are several factors the Cruise Director will take into consideration when deciding where Entertainers will be positioned on the vessel. Depending on this decision either a bench top or a trestle table and a power source will be provided.

End of event

By law, music must be turned down to a low level when entering Darling Harbour or any public wharf. This applies when we are boarding or disembarking guests. If the DJ is disembarking at the drop off location with guests, they need to shut down and begin packing up their equipment 10 minutes early due to limited time allocation on the wharf for drop off, otherwise they are welcome to travel back to Pirrama Park to bump out immediately following the charter.

There is street parking on Pirrama Road right on the park there and it is best to park where the yellow car icon is on the map below to unload and walk directly across the park to the pontoons (red crosses.)

****IMPORTANT PLEASE – Pirrama Park is a public park. Under no circumstances is anyone permitted to drive a vehicle through the park to the pontoon to unload. This is illegal as well as unsafe to members of the public using the park. If this occurs, you will not be permitted by crew to board the vessel and may be subject to a fine as well as termination of your charter.**

If you need to park your car for the duration of the cruise, we suggest you unload on the park and then drive your car up the road to the Wilson Car Park (labelled on the map) which is directly across from Jones Bay wharf.
